

TEACHING ASSISTANT PROGRAMME FOR SEMINARS WITH WILFRIED RAPPENECKER

In order to improve the quality of my seminars and provide better support for attendees I am looking for participants who have already taken part in several of my seminars and who are interested in assisting in my courses as qualified teaching assistants. To this end I am offering a Teaching Assistant Programme in cooperation with the organisers of my courses in Germany, Austria, Switzerland and other European countries.

This programme intends to offer participants the opportunity to assist me in my seminars, and, with my support, to practice and to deepen their skills and experiences by working with the topics of my courses.

This deepening takes place on two levels:

- Teaching Assistant practice days – On the day before chosen seminars held in Germany, Austria and Switzerland I offer a one-day continuing education seminar held exclusively for Teaching Assistants. These seminars have the purpose of deepening the contents of the respective seminar as well as discussing questions regarding assisting. In addition, these seminars will look at any questions and issues related to participants' Shiatsu practice, in the sense of intervision or supervision respectively. Participants may bring along clients for this part of the seminar.

Participants of the Teaching Assistant Programme will attend a Teaching Assistant Day of their choice at least once a year. In order to assist in a course attendance at the Teaching Assistant Day preceding the course is obligatory, provided there is a Teaching Assistant Day for the respective seminar.

The fee for Teaching Assistant Days is €90, in Kiental/Switzerland SFR160.

- Assisting in my seminars – This is reserved for the participants of my Teaching Assistant Programme. Teaching Assistants learn to perceive the particular situation of seminar attendees and provide them with effective support. This allows Teaching Assistants to deepen their understanding of Shiatsu as well as its techniques and theory as taught in my seminars.

Participants of the Teaching Assistant Programme commit to assisting in at least one course every other year.

- Participants of the Teaching Assistant Programme will be automatically informed about the dates of seminars and Teaching Assistant Days.
